ACTIVITIES

"Three Days of Gracie"

"Three Days of Gracie" was three days one could never forget, for when Gracie (Rete) was around things happened. Miss Kate (Reba) tried to impose invalidism on her sister Janet (Jonsy). Poor Janet didn't have a chance until Philipa (Beulah) and Gracie came. Gracie and Phil turned the staid old Waring house into a lively houseparty.

Out of the general chaos, Janet emerged an attractive girl and Dr. Cashion certainly found her so. She was no invalid and the play ended as happily as any comedy.

Gracie was as delightful a little scatterbrain as you have met in a long time.
